AS NOTED IN THE HIPAA REGULATIONS:

"Section 164.506 of the HIPAA privacy regulations permit release of information for treatment, payment, or healthcare operation purposes without a specific patient authorization. Consequently, the regulation allows a mammography facility to transfer medical records to another covered entity in most situations without a specific patient authorization. The Office of the Civil Rights, the KHHS office with primary responsibility for HIPAA implementation, has also stated that, a covered healthcare provider may share protected health information with another health care provider for the treatment purposes without a business associate contract."
